Lake Whitney Spring Classic		1st			4th

BIOGRAPHY

I have been riding motorcycles since I was 4 years old and racing since I was 9 years old. I am currently 20 and graduated from Templeton high school in 2009. I enjoy spending my days with my trainer Randy Lawrence, riding my road bike and BMX bike, and working out to stay in shape.

2012 GOALS

2011 was an up and down year for me. I had really good speed but mixed results. I struggled a lot with my bike setup and injuries but tried my best to fight through it. I continued to work extremely hard through the tough times, am determined to have a rebound year in 2012, and put myself on the map. My goals for the season will be to maintain my training program, both on and off the bike, physically, and mentally. My overall goal is to stay healthy throughout the year, make all West Coast Supercross Lites night shows, and be in as many main events as possible! I will compete in at least four Amateur Nationals and want to be consistently in the hunt to win as many championships in the A class as I can. I want to focus on putting myself in a good position at Loretta's and then transition into the last four Nationals of 2012. I am seeking as much support from companies and individuals as possible to make these goals a reality!
